PROBLEMS ARE JUST ILLUSIONS

We all experience challenges and problems in our lives. Nobody says life is easy. But when a problem arises you think and feel you are all alone in this universe and you are all alone here to solve it.

What usually happens when a problem arises:

- 1. You become disconnected from everyone.*
- 2. You create in your mind a much bigger problem.*
- 3. You experience STRESS.*
- 4. Your energy level is going down.*
- 5. Life becomes a struggle.*

But the truth is, we are not alone, we are all connected! Maybe we are not connected on a physical level, but we are all connected on an energy level.

WE ARE ALL CONNECTED

FACTS:

Like everything else in this universe, we are all connected beyond time and space. Our physical body is actually just energy and information which is unified with the universe and everything that exists, existed or will be existing.

So, how you feel and what you think creates the state of your physical being and your consciousness energy field around you.

We communicate with the universe primarily through our thoughts and feelings. Our thoughts are energy, that sends electrical impulses.

SOLUTION

*We always have been taught that we need to resolve our problems. But the universal law is: **we have to learn to let go & let the universe to resolve it.***

1. Connect to your body and your emotions.
2. Live your life in a present moment.
3. Have a clear vision for your life.
4. Meditate.
5. Trust the magic of the universe to resolve the problem.

I would also like to share with you this magical and such a powerful mantra, that I sing or repeat during a meditation, when I connect to the universe or the Devine (almost every day).

You can repeat this mantra at any time and everywhere.

MANTRA

***I'M YOU,
YOU ARE ME,
WE ARE ONE!***
